Description:

Abstract:

The Platts Electric Non-Investor Owned Utility (NonIOU) Service Territories geospatial data layer contains regions representing the geographic extent of retail service provided by Non-investor owned utilities (municipalities, distribution cooperatives, public, private, and federal) in North America. Included in the attribute information are revenues, rates, # of customers, and total MWh's delivered for residential, commercial, and industrial electricity sales by utility.

Purpose:

The Platts Electric Non-Investor Owned Utility (NonIOU) Service Territories geospatial data layer has been created to display the geographic extent that utilities deliver electricity.
